Maths Remote Education

This Week's Maths Lessons	WC: 1st February 2021

Mental Maths:

- TT Rockstars – Garage is set for at least 25 minutes play across the week (that's 5 minutes a day) and Studio is set to at least 5 minutes across the week. See how much practise you can complete this week. Remember multiplication and division gets easier if you have a better knowledge of your times tables.
- Have a go at the Mental Maths tasks – there is a column for each day and a mix of question types to keep your mental maths skills building.

Day:	Learning Objective:	Lesson:
Monday	• To subtract money.	• Watch the White Rose video 'Subtract Money' https://whiterosemaths.com/homelearning/year-3/spring-week-5-statistics/ • Now have a go at the Monday Mint Maths questions.
Tuesday	• To give change.	• Watch the White Rose video 'Give Change' https://whiterosemaths.com/homelearning/year-3/spring-week-5-statistics/ • Now work through the Tuesday Mint Maths questions.
Wednesday	• To make tally charts.	• Watch the White Rose video 'Tally Charts' https://whiterosemaths.com/homelearning/year-3/spring-week-5-statistics/ • Then have a go at creating your own tally chart for things that you find at home to practise your tallying. • Now have a go at the Wednesday Mint Maths questions. • We will share our Maths work in today's Zoom at 1:20pm.

Thursday	• To draw pictograms.	• Watch the White Rose 'Draw Pictograms' video https://whiterosemaths.com/homelearning/year-3/spring-week-5-statistics/ • Now work through the Thursday Mint Maths questions.

Friday	• To work through money challenges.	• There are two Friday Maths Challenges for you to have a go at today:
		  ○ Five Coins – Remember to work systematically and see how many solutions you can find.
		  ○ How much did it cost? – This is a trickier challenge where you need to use the clues to find the answer from the grid. Top tip; for each clue cross off the ones that it cannot be (a bit like Guess Who).
