

Skeletons

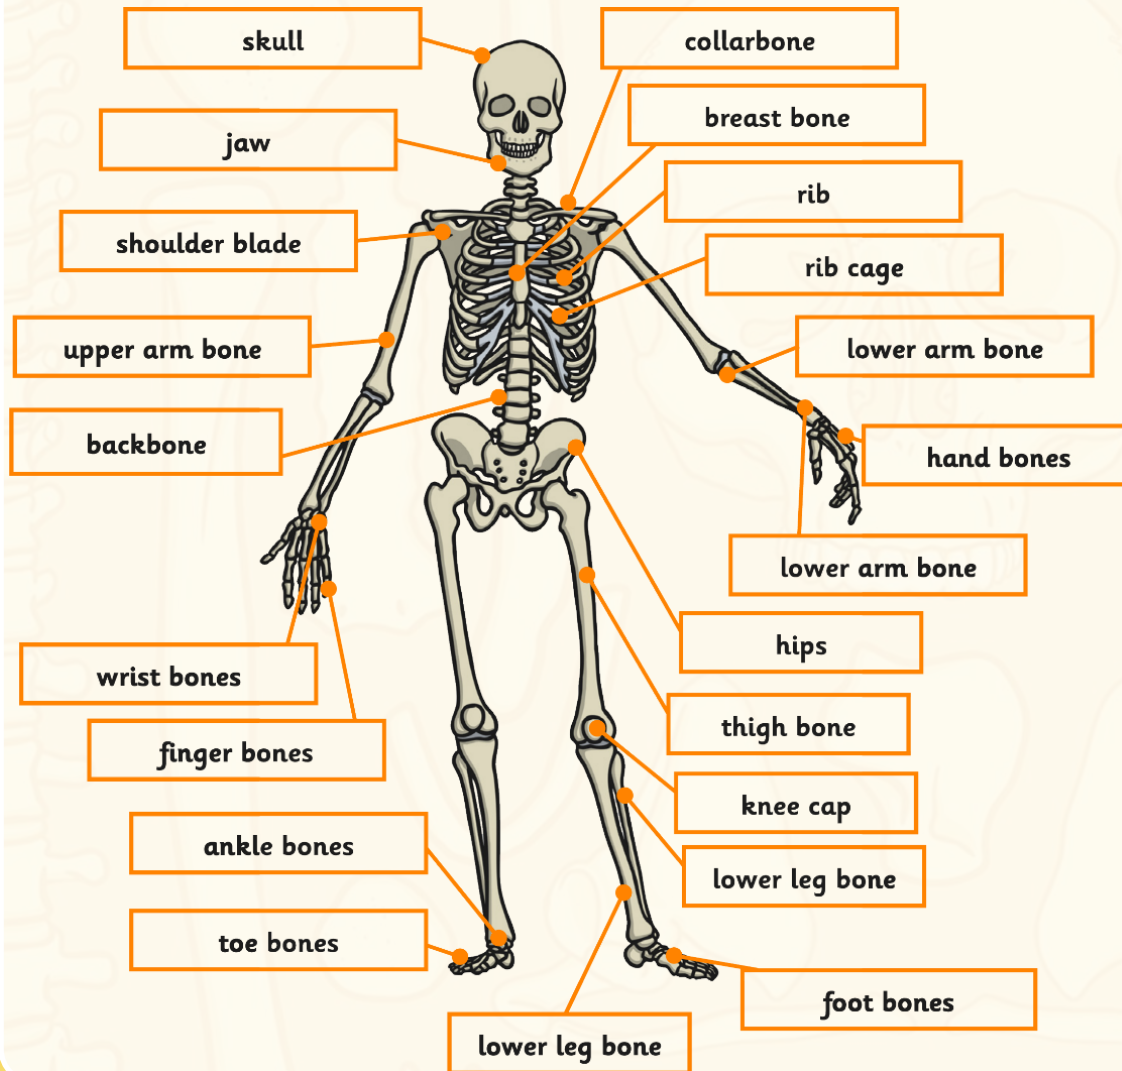

Where Are Our Bones?

Where are the bones in
our bodies?

Feel your bones to get
an idea of their size,
shape and location.

Name Those Bones!

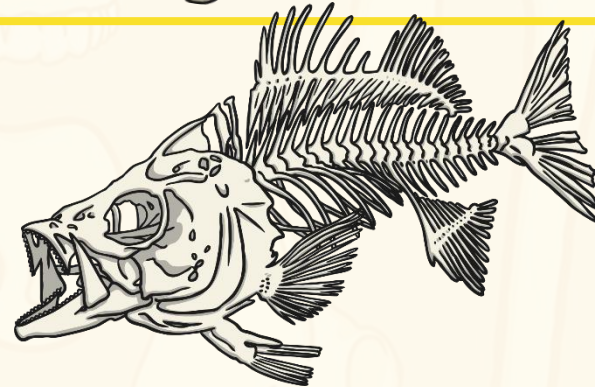

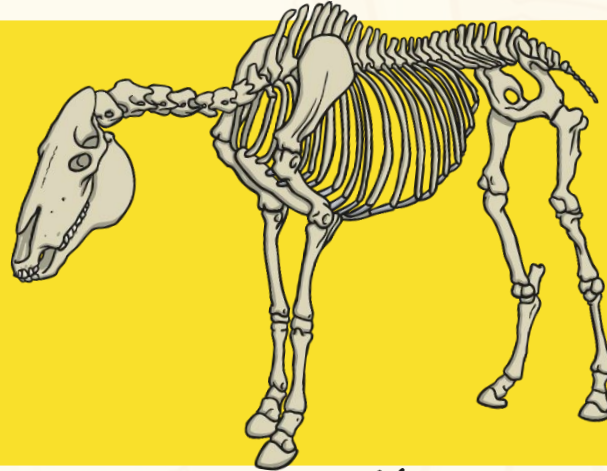

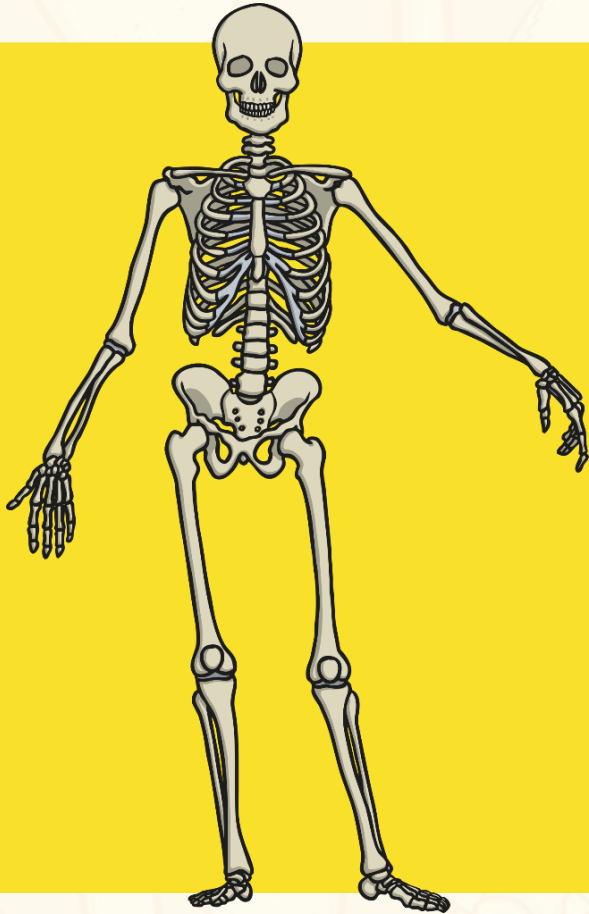

Here is a skeleton labelled with the common bone names.

Which bones were you able to locate in your body?

Which bones or names do you recognise?

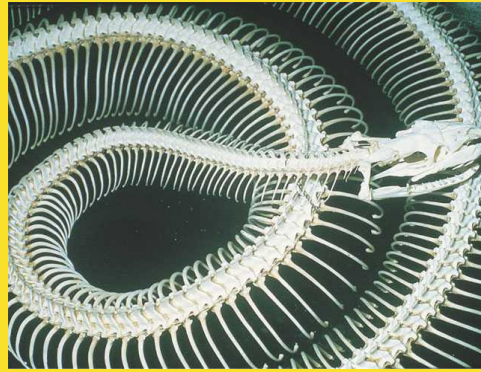

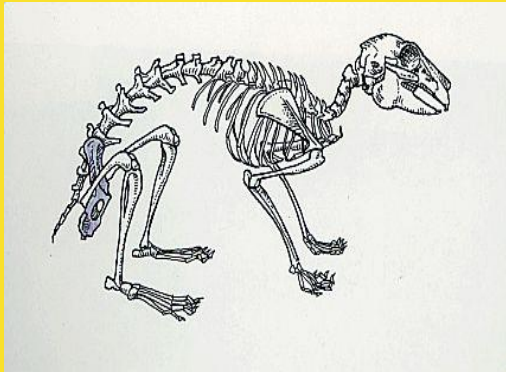

Animal Skeletons

Do all animals have the same types of bones? Do the bones look alike?

Identifying Animal Skeletons

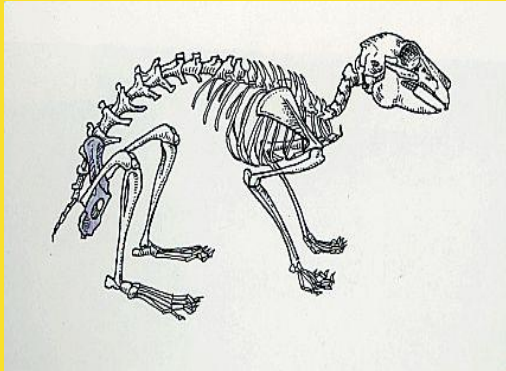

Can you identify the animal skeletons shown?

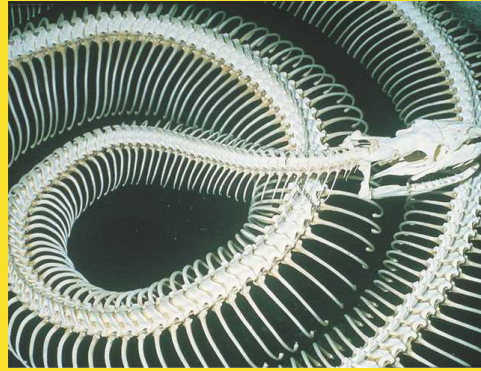

Which bones helped you to identify them?

Identifying Animal Skeletons

ANSWERS!

Rabbit

Snake

Chameleon
