

Counter Flip

- Create a copy of this target grid. It doesn't have to be exact, you be creative and use an old cereal box opened up or put it into your workbook, or maybe if your parents go to a supermarket they have seen the free paper in the entrance / doorways at the moment.
- Once ready play 3 with someone at home, take it in turns to throw a counter onto the board.
- Your throwing hand is not allowed over the table.
- Start with 100 points each, and subtract the number you land on from your points.
- Record all your scores in your workbook.
- The first person to reach zero or lower wins!
