

Vertical Take Horizontal

Copy out the table into your workbook: Remember to use a ruler and a sharp pencil!

Take / Subtract the vertical numbers away from the horizontal numbers, one at a time, so $18 - 2$ then $18 - 7$ and so on...

| | | | |
|---|----|----|----|
| - | 18 | 26 | 34 |
| 2 | | | |
| 7 | | | |
| 9 | | | |

Now copy out a new one and have a go at one of your own.
