

## Describe An Alien

Here is an example of a rather delightful alien. You could use him/her/it as an example to write a character description. You might prefer to create your own alien. I can't wait to see some of the creations. Below is a model of a description of the alien. I'm sure you can improve it! Can you spot the idiom?

Hi! My name is \_\_\_\_\_. I am from the planet \_\_\_\_\_. I am a \_\_\_\_\_ in the same way that you are a human. On planet \_\_\_\_\_, you can tell the difference between male and female by \_\_\_\_\_.

I am considered quite handsome back home. My natural colouring is green and I have eye-catching light green spots on my cheeks. I have two legs and six arms which makes multi-tasking a piece of cake.

My four eyes can all look in different directions at the same time and my antennae are able to pick up radio signals as well as Sky Sports.
