<p>Activity 2:</p> <ul style="list-style-type: none">• Planet 4. The robots create a new world where they are filled with love and joy. Create an imaginary world where you would feel joyous. Draw it, label it, describe it or even write a poem. You decide how to present your joyous world. Be creative! Be you!	

Activity 3:

- **Planet 5.** 'There is something stirring in the waters of Planet 5.' This is how Handymartian describes how the planet was created and how creatures evolved. Compare it to your RE work over the last couple of weeks where you looked at different creation stories. Is it similar or different? Write a creation story based on the images in this short film. To be successful this descriptive work needs carefully chosen adjectives and longer sentences that paint pictures in the reader's mind. Punctuation is vital. Always check full stops and capital letters. These should be correct 100% of the time. Think about how you can use commas to make your writing clear. I will be looking out for these things.

Activity 4:

Reading For Pleasure

- Poetry week! Find a short poem you like. Learn it and do a recital for your parents. Remember to make it fun, use different voices and act it out. If you can make a short video of it and if you can load it onto seesaw that would be fabulous.
- Do you remember watching Michael Rosen recite 'Chocolate Cake'? Here is the clip. Watch it again for inspiration. <https://www.bbc.co.uk/bitesize/clips/zp9b4wx>
