

Year 4 - This Week's Maths Tasks	WC 1 st June 2020
Mental Maths <ul style="list-style-type: none"> Using paper or card from recycling maybe, make some shapes all with different numbers of sides and place them in ascending order of sides. Practise your times tables knowledge. Log on to Times Table Rock Stars. 	
<ul style="list-style-type: none"> Activity 1 Read the following description carefully a few times. Copy it out into your book. Then try to explain it to someone in your house, or even ring someone up and try it that way too! Try to memorise part of, or all of the description. <p><i>A quadrilateral is a four-sided, 2D shape. All of the sides of quadrilateral shapes are straight and the opposite sides of the shape are parallel to each other. Quadrilateral shapes have four interior angles that add up to 360 degrees.</i></p>	
Activity 2 - Follow the guide on Quadrilaterals here.: https://www.bbc.co.uk/bitesize/guides/zj76fg8/revision/2 Once you have been through each stage, have a go at drawing some in your book. Remember: Use a sharp pencil.	
Activity 3 - Have a look at the Quadrilaterals Fact Sheet then make a joined-up shape using as many quadrilateral shapes as you can.	
Activity 4 - Tackle this: The Great Quadrilateral Challenge! Have Fun!
