

Understanding the World

- ♦ Explore maps, atlases and globes.
- ♦ Can you find these places—Australia, Africa and Iceland?
- ♦ Pack a rucksack for your walk and take a list of things to spot. For example, try to spot a red flower or a butterfly or an interesting number.

Geography

- ♦ Plan a journey or walk in your local area, draw a map of where you will go.
- ♦ Identify key features along the route. What will you see? A church, bridge or river?
- ♦ Whilst you are walking use directional language like left, right, forward, back, over and under.

Expressive Arts and Design

- Find something on your walk that you would like to draw - flower, leaf, bird, insect, and building. Take a photo of it and then draw it when you get home.
- Make a healthy snack for your adventure.

*Ahoy There
Me Hearties!*

8th June 2020

Lego / Construction Challenge

Make a mode of transport. Why did you choose that vehicle?

RE—Why do we go on a journey?

- Make a map of a wishful / dream journey!
- It could be to somewhere real or somewhere imaginary.
- Why would you like to go there? What is the place like?
