- Design Challenge – Design your own howdah which would help Will stay safe riding Oona through the jungle. (If you don't know what a Howdah on an elephant is then use the internet to research them first). Look back through the pages read and remind yourself of all the problems he encounters along the way to help you with your design. Label your design with what you have included and write an explanation of why you have designed it the way you have. What do the different parts do?
