

Maths Activity 3 – Calculating Perimeter

Practise:

1.

Calculate the perimeter of the shapes.

Can you find more than one way to calculate the perimeter?

2.

Use two different methods to calculate the perimeter of the squares.

3.

What is the length of the missing side?

Reason:

4.

Teddy says,

You only need to know the length of one side of these 2-D shapes to work out the perimeter.

Do you agree with Teddy?
Explain your answer.

Problem Solve:

5.

Each side of this shape is of equal length.
The perimeter is 60 cm.
How long is each side?

6.

How many different rectangles can you
draw with a perimeter of 20 cm?
