

Choose a mountain and prepare a multimedia presentation. Here are some ideas about what to include! Use all your learning from the online tutorials on making multimedia presentations. Be creative and have fun!

### Multimedia Presentation on... Mount Kilimanjaro

Create a multimedia presentation about Mount Kilimanjaro. You will need at least six pages in your presentation and you will also need to include:

- |                                                                                                  |                                                                                                                        |
|--------------------------------------------------------------------------------------------------|------------------------------------------------------------------------------------------------------------------------|
| <input type="checkbox"/> Photographs of the first people to successfully climb Mount Kilimanjaro | <input type="checkbox"/> Information about the Chagga people                                                           |
| <input type="checkbox"/> An audio clip of an animal found on Mount Kilimanjaro                   | <input type="checkbox"/> Climate data of Mount Kilimanjaro in the form of a graph                                      |
| <input type="checkbox"/> Hyperlinks to interesting websites about Mount Kilimanjaro              | <input type="checkbox"/> Factual information about Kilimanjaro, such as height, location, flora and fauna, and climate |

**Good Luck!**

### Multimedia Presentation on... Mount Everest

Create a multimedia presentation about Mount Fuji. You will need at least six pages in your presentation and you will also need to include:

- |                                                                                                                  |                                                                                                                    |
|------------------------------------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------|
| <input type="checkbox"/> A photograph of George Everest and a description of why the mountain is named after him | <input type="checkbox"/> Pictures of people attempting to climb Everest                                            |
| <input type="checkbox"/> An audio clip of an animal found on Mount Everest                                       | <input type="checkbox"/> Climate data of Mount Everest in the form of a graph                                      |
| <input type="checkbox"/> Hyperlinks to interesting websites about Mount Everest                                  | <input type="checkbox"/> Factual information about Everest, such as height, location, flora and fauna, and climate |

**Good Luck!**

### Multimedia Presentation on... Mont Blanc

Create a multimedia presentation about Mont Blanc. You will need at least six pages in your presentation and you will also need to include:

- |                                                                              |                                                                                                                       |
|------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------|
| <input type="checkbox"/> An audio clip of an animal found on Mont Blanc      | <input type="checkbox"/> A description of what the name 'Mont Blanc' means                                            |
| <input type="checkbox"/> A map of Europe showing Mont Blanc's location       | <input type="checkbox"/> Climate data of Mont Blanc in the form of a graph                                            |
| <input type="checkbox"/> Hyperlinks to interesting websites about Mont Blanc | <input type="checkbox"/> Factual information about Mont Blanc, such as height, location, flora and fauna, and climate |
| <input type="checkbox"/> Pictures of people attempting to climb Mont Blanc   |                                                                                                                       |

**Good Luck!**

### Multimedia Presentation on... Mount Fuji

Create a multimedia presentation about Mount Fuji. You will need at least six pages in your presentation and you will also need to include:

- |                                                                              |                                                                                                                       |
|------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------|
| <input type="checkbox"/> An audio clip of a volcano erupting                 | <input type="checkbox"/> A description of what the name 'Fuji' means                                                  |
| <input type="checkbox"/> A map of Japan showing Mount Fuji's location        | <input type="checkbox"/> Climate data of Mount Fuji in the form of a graph                                            |
| <input type="checkbox"/> Hyperlinks to interesting websites about Mount Fuji | <input type="checkbox"/> Factual information about Mount Fuji, such as height, location, flora and fauna, and climate |
| <input type="checkbox"/> Pictures of people attempting to climb Mount Fuji   |                                                                                                                       |

**Good Luck!**
