This Week's Maths Tasks **Identify 3D shapes including cubes and cuboids.**	**WC 13th July 2020**

Mental Maths:

- Visit Times Table Rockstars daily. Make sure you are completing the Garage Tasks as a minimum.
- Complete the Daily 10 … daily! ☺ https://www.topmarks.co.uk/maths-games/daily10. Start at Level 1 and complete the activity for all of the activities: addition, subtraction, ordering, partitioning, digit values, multiplication, division, doubles/halves and fractions. Then move onto Level 2 and continue. The more you do the more accurate and quick you will be.

Activity 1:

- Data Handling – Reading Tables – Visit BBC Bitesize https://www.bbc.co.uk/bitesize/topics/zqgrd2p and watch the tables, charts and graphs clips.

Activity 2:

- Data Handling. Visit Maths is Fun. https://www.mathsisfun.com/data/index.html
- Complete these Sections:-
  1. What is data
  2. Discrete and continuous Data
  3. How to show data - Bar Graphs , Pie Charts, Dot Plots, Line Graphs, Scatter (x,y) Plots, Pictographs

Then visit the activities  Activity: Asking Questions

-  Activity: Improving Questions

Activity 3:

- Pokemon Table Game. First read the Pokedex, a table of information about different Pokemon. Answer the questions on Sheet 2. Give the answer sheet to your parents so they can check your skill level in reading and understanding information in tables. This is quite a big task so take your time and have a break from it if you need to and come back later.

Activity 4:

- Complete the Fluency Sheet – Reading and Interpreting Graphs
- Complete the reasoning and Problem Solving Sheet – Reading and interpreting Graphs

Go as far as you feel able. There are some challenging sheets. If you are not sure simply stop.
