

## English

### A-Z of Toys

- What is your favourite toy? Take a photo and print it. Can you describe your toy? Where did you get it from? How long have you had it? What is it made from? How do you play with it?
- Complete the sheet on 'My favourite toy'
- Write the alphabet. Can you think of a toy that starts with each letter of the alphabet.

## History

- Look at toys from the past and modern toys. What is the same and different about the toys? How can you tell that a toy is old or modern? What clues could you look for?
- Complete the attached sheet to compare the old and new toys.

## Computing

- Use an art package on a computer or tablet to draw a toy (e.g. teddy bear or robot) using just the shape tools.
- Can you use the fill tool to colour the shapes in?

## RE

- **Who do some people pray?**
- *This is an open response task where the child should answer the question 'Why do some people pray?' by showing what they have learnt about prayer this half term. They can choose how to show this e.g. a poster, a piece of writing, a video etc.*

## Year 1 Grandma's Toy Box Home Learning Project

## Maths

### Addition and Subtraction

- Watch the video lessons **Introducing parts and wholes**, **Parts and wholes activity**, **Part-Whole model (1) and (2)**, **Addition symbol** <https://whiterosemaths.com/homelearning/year-1/week-5/>
- **Partition any number to 10.** Roll a dice or pick a playing card (number cards only) to find a number to investigate. How many ways can you partition (split up) that number into two parts? Show this using part-whole models.
- Complete the attached sheets on using part-whole models and addition and subtraction. Remember that reasoning and problem solving questions need you to explain how you know.
