

Maths Remote Education

This Week's Maths Lessons **WC: 18.1.21**

Mental Maths:
Times Tables Rockstars Please log onto your account and complete at least 25 minutes of Studio this week.

Day:	Learning Objective:	Lesson:
Monday	Various mental maths and number agility skills.	<p>Mental Maths Monday</p> <p>TTRS – At least 5 minutes of Studio please.</p> <p>Please complete the mental maths sheet which is on the website. Have a really good try at all the questions. I have also included an answer sheet for you to check your work after completing the sheet. We will go through the questions and look at any problems at the 1:00pm Zoom meeting.</p> <p>Play https://www.transum.org/Software/Fast_Factors/Default.asp to improve your times table recall even more.</p>
Tuesday	Multiply 2-digits by 2-digits	<p>TTRS – At least 5 minutes of Studio please.</p> <p>Play https://www.transum.org/Software/Fast_Factors/Default.asp to improve your times table recall even more.</p> <p>https://whiterosemaths.com/homelearning/year-5/spring-week-2-number-multiplication-division/</p> <p>Please watch this video before the 1:00pm Zoom meeting. Attend the Zoom where I will demonstrate the method we use and then complete Tuesday's sheet.</p>
Wednesday	Multiply 3-digits by 2-digits	<p>TTRS – At least 5 minutes of Studio please.</p> <p>https://whiterosemaths.com/homelearning/year-5/spring-week-2-number-multiplication-division/</p>

		Please watch this video before the 1:00pm Zoom meeting. Attend the Zoom where I will demonstrate the method we use and then complete Wednesday's sheet
Thursday	Multiply 4-digits by 2-digits (basic practice)	<p>TTRS – At least 5 minutes of Studio please. https://whiterosemaths.com/homelearning/year-5/spring-week-2-number-multiplication-division/</p> <p>Please watch this video before the 1.00pm Zoom meeting. Attend the Zoom where I will demonstrate the method we use and then practise the method of multiplying a 4-digit number by a 2 digit number. Using a dice create a 4 digit number place and then multiply with a 2 digit number. Continue with this. I will leave it up to you to judge how many you need to do. There is no target number. Today is basic practice day.</p>
Friday	Multiply up to a 4-digit number by a 2-digit number	<p>TTRS – At least 5 minutes of Studio please. https://whiterosemaths.com/homelearning/year-5/spring-week-2-number-multiplication-division/</p> <p>Please watch this video before the 1.00pm Zoom meeting. Attend the Zoom where I will demonstrate the method we use and then complete Friday's sheet (Classroom Secrets– Friday's Sheet). Please note that there are 3 different sheets: D it is advisable to start on this one, it uses the expanded method which I shall demonstrate in the Zoom meeting. Only move onto E or GD if you feel confident with the first sheet.</p>
