

Date: Monday 1<sup>st</sup> February 2021

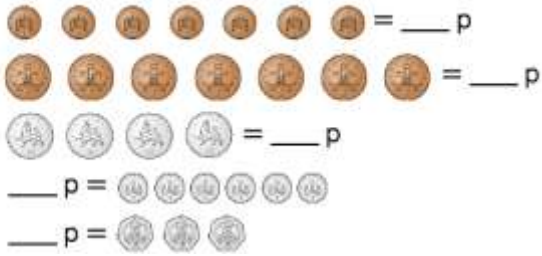

Learning Objective:

- To count money in pence.

Practise:

1. Count the money.

2. Use  $<$ ,  $>$  or  $=$  to compare the money.

3. Count the money.

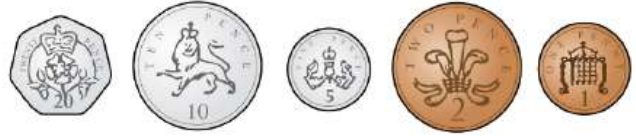

Reason:

4. Draw coins to make the statements correct.

Problem Solve:

5. Jack selects four of these coins.

He can use the coins more than once.

What total could he make?

What is the lowest total?

What is the greatest total?

Greater Depth:

I bought a sandwich at the café. I paid with three £1 coins and received one coin in change.

How much could Tom's sandwich have cost?

Explain your reasoning.

Find all the possibilities.
