

Act It Out Adverbs

- A **verb** is a doing word e.g. He **spoke**.
- An **adverb** tells you how, where or when something is done e.g. He spoke **gently**.
- Notice how the adverb changes the meaning of the sentence e.g. He spoke **angrily**.

Instructions:

Work with a partner. Look at the table below and identify the adverbs. Take turns to mime (silently act out) one of the sentences in the table. Your partner has to guess which sentence you are miming!

He walked speedily across the room.	She whispered noisily to her friend.	She danced beautifully to the music.
She waved happily to her brother.	He drank his water carefully.	He sang quietly in the show.
He danced crazily to the music.	She sang loudly in the show.	She walked sneakily across the room.
She drank her water quickly.	He whispered gently to his friend.	He waved sadly to his brother.
