

Food Art

Fruits = come from the flower of a plant and contain seeds.

Vegetables = come from all the other edible parts, e.g. roots, stem etc.

Look at the list of fruit and vegetables below. Which surprised you?

<u>Fruit</u>	<u>Vegetable</u>
banana	broccoli
apple	leek
pumpkin	cauliflower
tomato	potato
strawberry	spinach
orange	lettuce
pear	rhubarb
cucumber	carrot
pepper	onion
blackberry	sweet potato
plum	cabbage
mango	kale
courgette	parsnip
mangetout	swede
raspberry	

Task 3:

- Choose a fruit from the list above, which has an interesting structure e.g. a tomato, pepper, strawberry, cucumber, orange etc.
- With the help of a grown up, carefully cut through your selected fruit and create a detailed model of a section of it.
- You could do an observational drawing, a painting or even a model out of play dough or modelling clay.
- Look very closely at the patterns, colours and shapes created in the arrangement of flesh and seeds. Try and make your creation as detailed as possible.
- Remember to wash your hands after handling the sliced fruit.
- On the page below there are some examples to help you get started.
