

HOW TO RESPOND!

Social Media is a powerful tool that has many positive uses, however if it is mis-used, it can have many negative consequences.

How can we use SeeSaw in our school and at home safely ensuring we use it in a positive way, for our learning and for enjoyment?

Have a read of the top tips below to help you give feedback to the class.

Are you using **appropriate language**, are you using the correct tense i.e. past tense to comment on something that has already happened?

Have a look at the past tense section of this site:

<https://www.bbc.co.uk/bitesize/topics/zrqqtfr/articles/z3dbg82>

If you need to use any **descriptive words**, take a look at the tips for descriptive writing here on this site:

If you use any facts in your reply where are you getting **your information** from? You need to be very clear about when you are using **facts or is it your opinion**. Have a look at the resources on this site here.

SO... using the above you should now find and read someone's sporting article from SeeSaw and decide what comments you would like to make on their article.
