

Geography Task 2

Hello everyone. Here is your second Geography Task. To complete it you need to consider how the mountain environment changes in winter and summer. I would normally do this as a group task, this time you could discuss your thoughts with a parent, brother or sister or a friend online. Have fun. Which season would you prefer for a visit to a mountain? I have never been skiing so would love to try that!

Miss Allen

Magnificent Mountains Travel Company

The Magnificent Mountains Travel Company has asked you to create a new travel brochure to advertise one the major mountains or mountain ranges as a tourist destination.

In your groups, you will need to decide who will create each page:

- Page 1: Location and Climate
- Page 2: Scenery
- Page 3: What to do in Winter
- Page 4: What to do in Summer
- Page 5: Where to stay

You will also need:

- A front cover
- A back cover
- A contents page
- An index

Good Luck!
