

EYFS Firefighter Foam Activity

Title:	Firefighter Foam	Topic/Theme:	People Who Help Us
Resources:	<ul style="list-style-type: none">• Shaving foam• Red, yellow and orange food colouring or watery paint• Droppers or pipettes• Paintbrushes• Large plastic box• Sticky tack• Small spray bottles or water pistols filled with water• House pictures		
Activity:	<ul style="list-style-type: none">• Begin by using the sticky tack to stick house pictures into the base of the plastic box.• Next, ask the children to help you create some foam 'flames' on each house. Squirt some shaving foam onto each of the houses and then drip some flame-coloured food colouring or watery paint onto the foam, using the pipettes.• Use the paintbrushes to swirl the colours together with the foam, to create the fire effect.• Then, stand the box up and encourage the children to be firefighters and use the spray bottles or water pistols to put out the flames. You may like to do this activity outdoors to make cleaning up easier!• Praise the children for putting out the flames and for being good firefighters!
